

SASP TRAINING REQUIREMENT AND RESOURCES

SASP Training Requirement. The applicant must demonstrate that any staff person approached by a sexual assault survivor should be able to respond appropriately to assess need, provide crisis intervention and information and referral; as appropriate, staff may pass longer-term needs and services to the SASP-funded staff.

CVSSD requires of a minimum of 40 hours of Content Specific Training for all grant-funded staff and volunteers serving survivors of domestic violence and sexual assault.

In addition, to qualify for SASP funding, each staff person wholly or partially funded by this grant ***must attend at least 24 hours of Advanced Sexual Assault Training within the last 24 months***. All SASP-funded staff who does not meet the full 24-hour training requirement are required to complete the remaining training hours within the first 6 months of the grant period or, if newly hired, within 6 months of the hire date. Training on population- and culturally specific services and practices may substitute for a portion of the required training hours.

If the applicant organization or program does not meet the criteria of population specific program or a population specific program within a larger organization, the Population Specific Core Team/Designated Population Specific Lead and Liaison ***must have attended at least 24 hours of training on Population and Culturally Specific Services and Practices within the last 24 months***. If the Population Specific Core Team/Designated Population Specific Lead and Liaison does not meet the full 24-hour training requirement, they are required to complete the remaining training hours within the first 6 months of the grant period or, if newly hired, within 6 months of the hire date.
